

Digital border crossing

UPON ARRIVAL

FOLLOW THE SIGNS READING
DIGITAL TOLLKLARERING
(DIGITAL CUSTOMS CLEARANCE)

The time of entry and the vehicle registration number are recorded.

1

TRAFFIC LIGHTS PROVIDE SIGNALS TO CONTINUE DRIVING OR TO STOP.

GREEN LIGHT

The driver proceeds through the customs area.

2

RED LIGHT

Enter the red zone.

Go to the customs office and take a "Digitoll" number

Present a valid ID (passport for foreign drivers) or a driver's license (Norwegian drivers) and provide the vehicle registration number.

DRIVERS MUST CONTACT THE CUSTOMS OFFICE ONLY IF:

- You get a red light.
- You are directed for manual processing by an official.
- There is a need to correct or update information.
- The driver or passenger has private goods to declare.
- If the camera or light in the customs area is not working.

3

EXITING THE CUSTOMS AREA

The time of exit will be recorded.

The goods are automatically released for the customs procedure they are declared for.

Please keep registration plates clean and drive at a low speed.
